

100X
LEGACY

**EFFECTIVE
DECISION
MAKING AND
PRAYER**

35,000!

**THAT IS THE NUMBER OF DECISIONS
THAT IS ESTIMATED THAT YOU MAKE
EVERY DAY.**

From the small to the big, each decision requires a level of effort with varying consequences.

God told Joshua: to “Be strong and courageous”, “Be strong and courageous”, “Be strong and very courageous.”

This was despite the promise, that God told him that He would give him every place that he set his foot upon.

To walk in the promises of God takes courage and strength. Joshua faced many battles, suffered many loses and had to make many decisions.

Sometimes difficulties we face tempt us to question the promises of God.

The story of Joshua will show us that the promises of God are fulfilled only after walking a path requiring much strength, courage and decision making!

God promises the land to Joshua that he sets his foot upon, not the land that he will tap dance on, or walk around in circles on. Setting your foot upon a land is a conscious, definitive step.

JOSHUA 1:3-9

I will give you every place where you set your foot, as I promised Moses. 4 Your territory will extend from the desert to Lebanon, and from the great river, the Euphrates—all the Hittite country—to the Mediterranean Sea in the west. 5 No one will be able to stand against you all the days of your life. As I was with Moses, so I will be with you; I will never leave you nor forsake you. 6 Be strong and courageous, because you will lead these people to inherit the land I swore to their ancestors to give them.

7 “Be strong and very courageous. Be careful to obey all the law my servant Moses gave you; do not turn from it to the right or to the left, that you may be successful wherever you go. 8 Keep this Book of the Law always on your lips; meditate on it day and night, so that you may be careful to do everything written in it. Then you will be prosperous and successful. 9 Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God will be with you wherever you go.”

REFLECTIONS

- Is there a promise in your life where you have been tempted to give up due to the difficulties faced?
- With honest and sober reflection, where have you walked around in circles or tapped danced on when you could have been making an intentional and definitive step?
- What is one way that you can be “strong and courageous”?
- The word “decide” comes from a Latin verb meaning “to cut.” Another way of putting this is that effective decision-making means to cut off the options.
- Such “option cutting” will always involve strength and courage!

HOW CAN GOD IMPACT OUR DECISION MAKING?

EPHESIANS 2:10

For we are God's masterpiece. He has created us anew in Christ Jesus, so we can do the good things he planned for us long ago.

OBSERVATIONS

- This passage takes the pressure off.
 - Your life is not a total blank sheet.
 - God has gone ahead of you and has prepared the good things he wants you to walk in.
 - Not every decision is up to you, so don't act that way.
-

As a Christian, you do not have to carry everything. Accept who you are and spend time with God understanding who you are.

Be aware that people want you to be like them.

It is easy to find people that will be critical of your unique make up, gifts and character.

Have wisdom who to share with and when and accept that you are a master piece in Christ!

REFLECTIONS

- When have you shared too fast and to the wrong people that caused hurt, confusion, or pain? How have you learnt and grown from this experience?
- When have you given too much credit to a critic who wants to see you as something that you are not?
- It has been said that we are the product of the six people that we allow to speak into our lives. Who are you six?

PROVERBS 3:5-6

Trust in the Lord with all your heart and lean not on your own understanding;⁶ in all your ways submit to him, and he will make your paths straight.

This passage does not say,

“Have ‘no’ understanding.”

Find ways to connect with people and develop your understanding.

Have the courage and security to ask questions and seek understanding.

Practically, an approach might be to speak to experts in your field and ask, “What are the three things that you need to master in order to be successful in this industry.” Once you have asked this same question to multiple people, you will have a range of responses. Take this to God and ask Him to guide you through what to put emphasis on.

HOW ARE VALUES AND CULTURE IMPORTANT AND RELEVANT TO AND ORGANISATION?

This is too often overlooked in smaller businesses. People in smaller businesses tend to put too much emphasis on operational execution and the expense of values and culture.

Values and culture give you a true North in the day-to-day decision making.

REFLECTIONS

- What are your personal and corporate values?
 - How do your day-to-day operations ensure the fulfilment of these values.
-

WHEN DO YOU KNOW WHEN TO TAKE A FIRM STEP VS PAUSING AND WAITING ON THE LORD?

In disaster and times of tough decision making, control your emotions. From a clinical psychological perspective, "The more emotional you are, the less intelligent you become." Through prayer and bible reading, slow yourself down and allow God to speak to you.

From this position, seek the data before you act.p;

It is worthwhile to remember, that how you deal with the disaster is more important and impactful than the disaster itself.

QUESTIONS AND ACTIONS:

As a result of this workshop, share one thing:

1. That has inspired you.
2. That you are going to immediately implement as a result. (Record these as a group so you can reflect at your next gathering). **Here's to the 100X life. Be great, do good!**

MORE FREE RESOURCES:

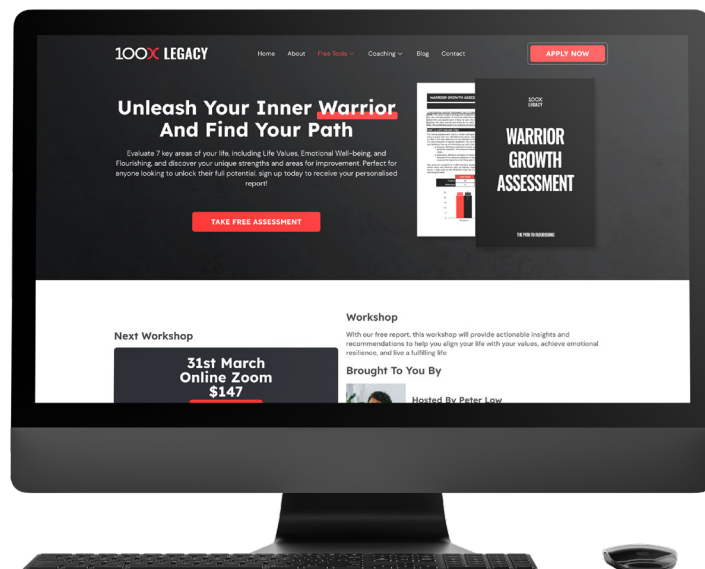

THE 100X WARRIOR ASSESSMENT.

A GPS needs two things to function:

- Where do you want to finish?
- Where are you now?

Some of us have clear goals and vision but without an understanding of our unique makeup and preferences (where we are today) our steps are vague at best. This assessment will evaluate and provide insight across global, means-tested data across 7 key areas of your life, including: Live Values, Emotional Well-being, and Flourishing. This assessment tool was co-developed with Internationally Recognised Christian Speaker and Clinical Psychologist Dr Robi Sonderegger.

THE 100X BUSINESS AUDIT

We are neurologically wired to prioritise “pain avoidance” over “seeking pleasure”. From a business perspective, this means we are more motivated to “fix a problem” than we are to “build and maintain a sustainable business.” (You might not like to hear this, but it is clinically proven). This is why most businesses oscillate between survival and pain. The process to build a successful business is simple (but it’s not easy!). Clarity is the first step, and it starts here.
